Definitions

Understanding Professional Liability Insurance

A Professional Liability policy provides insurance protection for wrongful acts to a third party (actual or alleged negligent acts, errors, or omissions) committed when acting within your scope of practice as a physiotherapist or physiotherapy technologist. Your coverage insures payment of compensatory damages and legal costs associated with a claim.

Coverage is written on a claims-made basis and expires on October 1 of each year.

Regulatory Legal Expense Coverage

The regulatory legal expense endorsement provides coverage for legal costs associated with having to appear at a disciplinary hearing with a provincial regulatory organization or agency. In the event of a complaint or investigation, members are provided with superior legal representation and defence protection. Examples include complaints alleging professional misconduct, incompetence, or incapacity.

Criminal Defence Costs Reimbursement

Coverage will reimburse insured members for defence costs associated with a case filed under the criminal code if the professional service was rendered in Canada and the member is found 'not guilty' of the criminal charge.

How to Apply

Please contact CPA to purchase individual Professional Liability coverage.

Members can purchase insurance coverage at any time; however, October 1st is the annual policy renewal date.
