

Andrea Harrison-
Hercun
Secretary

Andrea graduated in 2003 with a B.Sc. in Physical Therapy from The University of Western Ontario. She began her career in private practice in adult orthopaedics and then made a switch to paediatric physiotherapy in 2006 where she worked at the school board under the Children's Treatment Network of Simcoe York. She continued to work part-time at the school board and then started working as an infant and pre-school physiotherapist at Southlake Regional Health Centre in 2012, where she specializes in treating infants with torticollis, hypotonia, and delayed gross motor skills. She now divides her time between working in private practice and at the hospital, where her passion is working with infants and families, seen at the neonatal follow-up clinic.

Andrea lives in Georgina, ON, with her husband, Sean (also a physiotherapist!), and their two boys who keep her very busy with their rep hockey and baseball schedules. She loves spending time outdoors in the garden and is a huge hockey fan. Andrea is excited for the opportunity to connect with the Paediatric Division members across Canada.
