

# Physiotherapy: A Cost Saving Solution

Canada needs  
**more** physiotherapists.

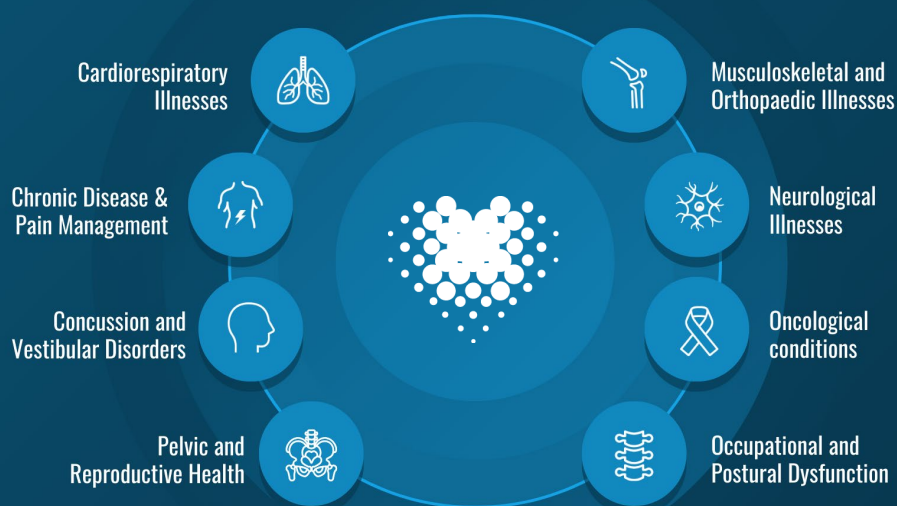

Save **millions**  
of **dollars**

for the Canadian economy.

**62%**

The required increase in  
physiotherapy workforce to  
reach OECD average.

Physiotherapy  
**can help** in more ways than you know.

**\$144**  
MILLION

Potential cost-savings if access to  
physiotherapy is increased by 62%.

- **\$67 million**  
Back Pain
- **\$36 million**  
Osteoarthritis
- **\$41 million**  
Coronary Heart Disease

**Help increase access**  
to physiotherapy in Canada!

1. Allow physiotherapists to order **diagnostic imaging**.
2. Permit physiotherapists to **refer** patients to **physician specialists**.
3. Enable all physiotherapists to **diagnose** and **treat** for **pelvic health**.

**Physiotherapy** is for  
everyone. Even **you**.
