

CPA Professional Liability Insurance Program

Are you a physiotherapist practising in the public sector or do you know someone who does?

Did you know?

60% of claims made against physiotherapists participating in the CPA insurance program are College complaints?

Most employer insurance plans will not cover you under these circumstances:

A College complaint

Your volunteer work

Work in the private sector

External teaching and advice

CPA insurance covers these activities and more!

Protect yourself – Do not rely exclusively on your employer's insurance policy

CPA insurance for public practice members is discounted, saving you money! Get protection with the CPA Professional Liability Insurance Program: it includes a minimum of **\$160,000/year** to pay for legal costs associated with College defence complaints, investigations, and disciplinary hearings.
